NEW applications received between 1 March and 15 August 2017 will automatically be processed for half-year membership ending 31 December 2017 at the half-year dues rates. Exception is when the applicant specifically requests their application be processed for the full year. However, we cannot guarantee availability of back issues of all publications for the first half of the calendar year.

Membership in IEEE Technical Societies involves additional dues. See the table below for information on Society membership dues.

All IEEE members are given online access to [Potentials](#) magazine as part of their basic IEEE membership. Student members in the US and Canada receive Potentials in print as part of their dues. For Student members from all other countries and for IEEE higher-grade members who wish to receive a print subscription to Potentials, see rates provided below.
